A Letter from the Chancellor

It is a tremendous honor to commend each of the Class of 2018 Chancellor's Award honorees. Each year we come together to recognize the individuals that strive each and every day to best serve our students. As our mission states, the Alabama Community College System is dedicated to excellence and that commitment would simply not be possible without the important work our Chancellor's Award honorees do across the state.

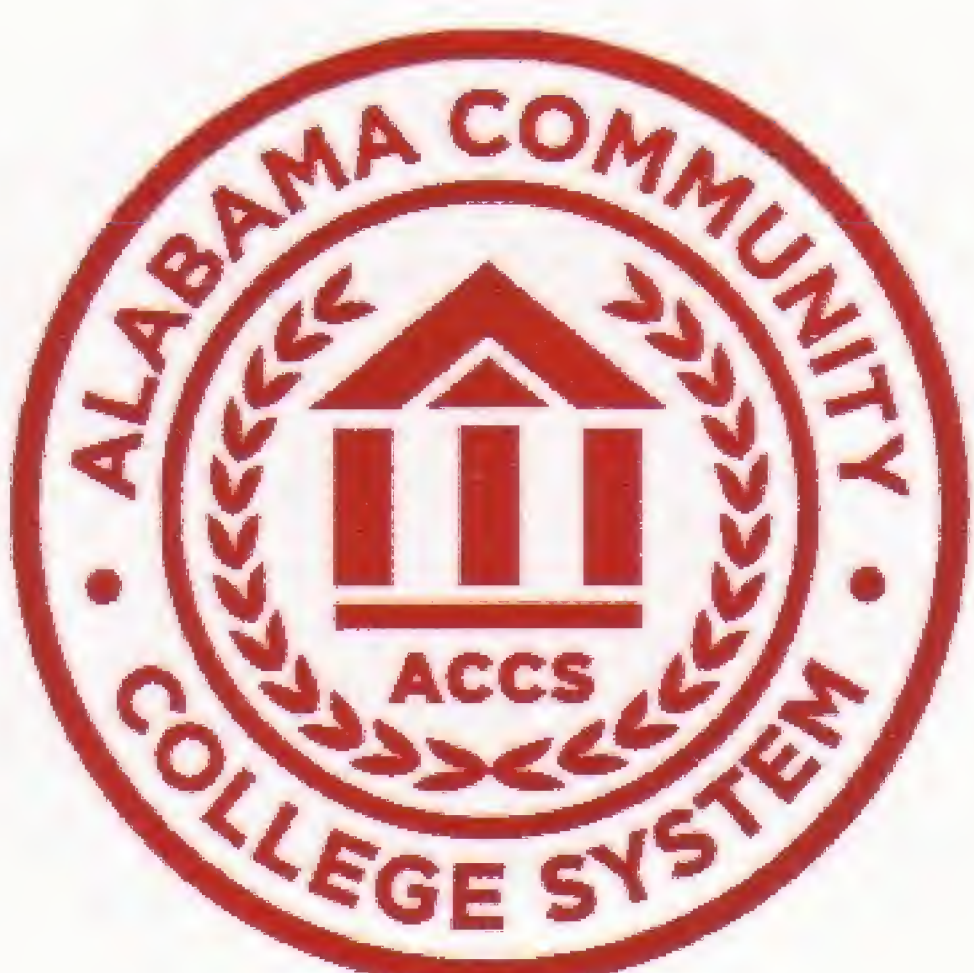

I truly believe that the Alabama Community College System is the most well-equipped vehicle to set forth change in the state of Alabama. All of this is only possible because of the incredibly talented individuals employed at each of our colleges. Thanks to our uniquely talented administrators, faculty and staff, ACCS continues to be Alabama's leader in providing high-quality, accessible and affordable education and training to all Alabamians.

Please accept my sincere and heartfelt thanks for the important work you do and the example you set for all. With individuals like you leading the way I'm certain our colleges and our System will continue on the path to greatness.

Jimmy H. Baker
